

Live Alkaline Water Benefits

Detoxify

The 100% organic minerals in Live Alkaline Water work together to naturally boost energy levels by cleansing your cells & ridding your body of toxins that slow you down.

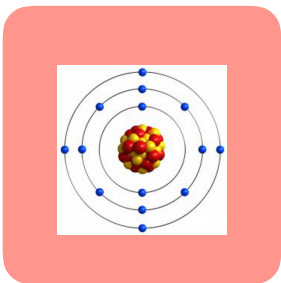

Electrolytes

Live Alkaline Water is naturally full of electrolytes that stimulate nerves & muscles for optimal performance, as well as assisting in regulating blood pressure and cellular function.

Balance Ph Levels

Live Alkaline Water is naturally pH balanced, which means it works with your body by boosting its immune system to naturally fight off disease.

Powerful Antioxidant

Being 100% pure, Live Alkaline Water slows down & reverses the damage done by disease-causing free radicals.

Minerals

Live Alkaline Water contains the highest levels of 100% organic, natural minerals that not only help keep the body functioning at its best, but also give it the fresh, pure, taste that people love so much.
